This is the 5th Annual Dallas Family Night Out event held in Dallas at the United Methodist Church Located at 565 SE Lacreole Dr.

This event is a “back-to-school” resource fair that is designed to help families get a hand-up in helping prepare for school. The concept for this event is to allow all families of any income bracket a chance to interact and receive services without feeling any separation of income levels. It has become an event families look forward to and we would love to continue it in our community.

It takes the whole community to run this event and we are needing your help. Last year we served 1,000 people and are planning for the same this year.
